

新冠肺炎：內地傳媒深度報道選編（持續更新）

2019-nCoV: In-Depth Reports from Mainland News Outlets (Continuous Update)

編者按：

此處收集內地各類傳媒發佈的有關新型冠狀病毒感染的肺炎(2019-nCoV)的深度報道，並將持續更新。若詳盡細緻或角度新穎，且來自較可信賴的傳媒，原則上均予收入，尤其重視對一線、基層（不只是最受關注的，而是包括各地、各群體、各行業）的非虛構寫作和描述性報道，也收入攝影報道。來源包括各主流媒體及網絡自媒體的微信公眾號、網站等。希望這一匯編有助於理解疫情及其影響下的每一個人，並為觀察內地傳媒如何呈現這場疫情做初步的資料收集。

我們還整理了疫情下親歷者的個人敘述，見 <https://shimo.im/docs/5dbf36f637674529>。

目前的搜集較依賴主流傳媒，而較少收錄地方媒體、其他自媒體和個人公眾號的報道。如欲推薦失收的文章或傳媒，或發現鏈接失效，或有其他問題、建議，請郵件聯繫

Editor's note:

Here we collect in-depth reports on 2019-nCoV released by various media in the Mainland and will continue to update. Any coverage from trustworthy publications, that has detailed reporting and has unique perspectives will be included on the list. In principle, it should be exhaustive, detailed, or novel, and come from a reliable source. We pay special attention to coverage from the front line, as well as reporting about people on the grassroots level. We also include photo stories. These articles are sourced from news outlets' WeChat public accounts and websites. We hope that this compilation will help you understand the epidemic and everyone affected by it, and serve as a preliminary collection of content showing how the mainland media presents the epidemic.

We have also compiled the personal narratives of witnesses in the epidemic:

<https://shimo.im/docs/5dbf36f637674529>.

The current collection relies more on the mainstream media, and less on reports from local media, self-published media and personal social media accounts. If you want to recommend a censored article, find that a link is invalid, or have other questions or suggestions, please contact shaotang1155@gmail.com or Franlinhan6@gmail.com, thank you!
